A callout to @HatsuneMiku .
Connor Miller, known as Femto or he who runs the Miku Fan Account, has beaten and abused his ex-girlfriend. He took control of the account as a way to mess with her even more. He is now taking action against us all.

The callout from December of 2025. READ CAREFULLY AND COMPLETELY.

An obsessive, abusive, blatantly racist man.

> Connor Miller, AKA Femto, the fucking loser who beat and abused his girlfriend in multiple different wants and even threatened to off himself on a call with her (thanks to @cosmizp)
> This is all public and no sort of doxxing which I don't condone, this is the story

Came into @FatMajigga's DMs time and time again to harass and blatantly threaten them AND ALL THE PEOPLE CALLING HIM OUT with false reports (which is also against the TOS.)

Miku
was a horrible racist to them in the past? They can't show a screenshot because they are lying, just like everyone else involved in the situation. You and everyone else need to realize I will block everyone off this account till it has zero followers before I ever get rid of it, or let random people lying about me on the internet force me to talk about my personal life which has no relevance, or to stop posting. Feel free to tweet this one like the rest, if you want to keep claiming untrue things like this person.
Like I get you guys get the most engagement when you incite harassment against my page, but it's also against the ToS lol...

Overall, he's not the best person in this app and he's gotten away with so much in such a long time. He has masked himself for so long.

This thread is not meant to harm nor harass, only to call out. I cannot stress this enough since there's so much action going on.

Something has to be done, spread this thread around and let everyone know, most ESPECIALLY more popular people. It's our only chance of getting him accountable for his actions, at this point.

This isn't just in parody anymore, I need YOU to help me. ALL OF YOU.

However, I feel as though I'm the next target of a false claim. If I ever get suspended with no chance of appeal, please follow @DIVA_CV01 and @Crypt0n_CV01 instead, I can't stress enough how much better of a Miku parody they are.

If this is the end, keep on going without me. It never ends with me, it ends when we bring justice.

Instead of telling me to stop, how about you tell EVERYONE IN HERE that. Address your faults and prove that it's false instead of pushing. It's all in public. We're only telling you about your PUBLIC faults, when was your PERSONAL life dragged in??

and contributing to harassment by a stalker. That is why they were banned. I didn't "threaten" them in their DMs. I tried to warn them to stop. The reason my account is fine is because I'm doing nothing wrong. I'm allowed to run this page,
and I owe zero explanation about my personal life to random people on the internet who don't know me or understand the situation. Thank you. Please leave me alone. I've done nothing to you.

The reason they were banned but I have not been despite weeks of harassment is because I am the rightful owner of this page and have been for years now. You are blatantly posting misinformation and inciting hate against someone you don't know. Read the ToS please. Have a good day.
You can no longer send Direct Messages to this person.
