DESPITE EVERYTHING, PLEASE DO NOT SEND HARASSMENT TOWARDS @HATSUNEMIKU.

Despite the (as of May 20th, 2026) 7 callouts from several people, all 3 of Connor's accounts are still up on Twitter, and still gaining followers.

Along with this, he still removes himself from posts mentioning him with any content calling him out, and hides replies from anyone asking about it in his replies (plus, he stalks people's accounts to see if they interact with any negative posts about him)

This is a reminder why archival is key.

@HatsuneMiku, you can copyright takedown all the videos you want, but they'll always come back.

Overall, I hope he faces legal repercussions, and loses the @HatsuneMiku handle, and Crypton Future Media is able to claim it.

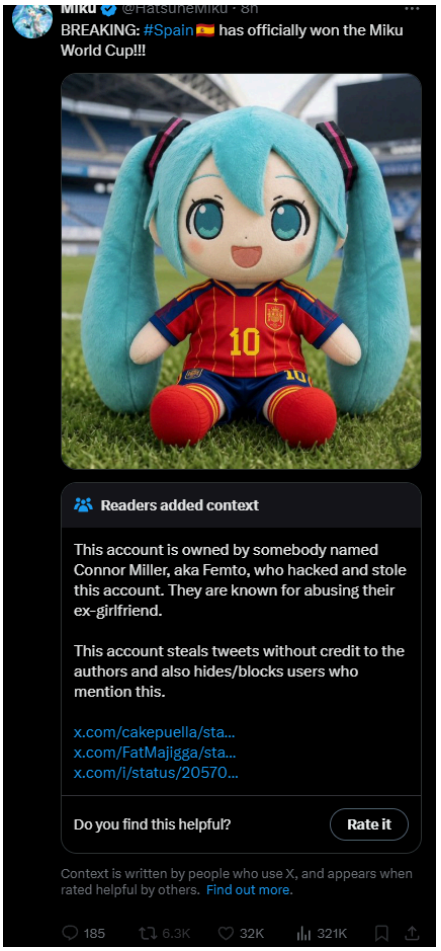

Thanks, and have a great day.

(Also, thank you to everyone who made posts calling Connor out, and @Virtualldol39 for helping oversee the creation of this document.)

July 20th, 2026 Update:

Connor has been posting AI-Generated content relating to the FIFA World Cup over the past few days, and has been hiding comments calling him out on it.

Fuck Gen-AI.

Also, the Archived video links are down as my account has been unfairly banned from Archive.org.
